

Local Manure Workshop Held in Selinsgrove

A meeting for certified manure haulers and brokers was held at Snyder East Building (a.k.a. the former Career Link Building), 713 Bridge Street on March 1, 2017. Continuing education credits were awarded from the PA Department of Agriculture (PDA). This meeting was one of several that were held throughout the state.

Robb Meinen, Penn State Senior Extension Associate, Department of Animal Science, gave presentations to thirty-nine (39) regarding:

- Manure gas safety from storages and agitation
- Application setbacks for food processing wastes, biosolids & manure
- Record keeping requirements
- Penn State research on nutrient utilization and loss from manure injection.

Snyder County Conservation District assisted with the meeting setup.

For more information about this meeting and the PA manure broker and hauler program, contact Robb Meinen, 324 Henning Building, University Park, PA 16823. Phone: 814-865-5986. Email: rjm134@psu.edu
