Rain Barrel Workshop Held in Monroe Township, Snyder County

The Lower Penns Creek Watershed Association (LPCWA), with cooperation with the Snyder County Conservation District (SCCD), held a rain barrel workshop at the Monroe Township Municipal Building on 39 Municipal Drive, Selinsgrove, PA, on Wednesday, September 12, 2012. All participants received a completed rain barrel at the conclusion of the workshop.

Jason Winey, Watershed Specialist, (shown standing in photo on next page) twenty participants how to build their own rain barrels, some tips for rain barrel usage, and the environmental benefits of using a rain barrel.

Above photo taken June 2011. First photo taken September 2012 by Diane Lengle, LPCWA.

Jason, as Watershed Specialist, has giving many rain barrel presentations at various locations to the general public since 2009. Contact [Jason](#) at 570-837-3000, extension 112, for more information about rain barrels.

Additional information about [household conservation](#) or other Conservation District programs can be found by either contact us at 570-837-3000, emailing us at sccd@ptd.net or checking our website at www.snyderconservation.org.

A nominal fee was collected from all participants to cover rain barrel hardware expenses. The LPCWA received an environmental education grant from PA Department of Environmental Protection (DEP). LPCWA is on Facebook.

###

Update: The Lower Penns Creek Watershed Association (LPCWA) hosted another rain barrel workshop at the West End Library, 45 Ball Park Road, Laurelton, PA, on October 18, 2012. Eleven people participated in the workshop. For a fee of \$10.00, participants received a completed rain barrel at the end of the workshop.

The LPCWA served refreshments at 7:00 p.m. for all those who remained to learn more about the group and its purpose.
