Snyder County Agricultural Land Preservation Board (SCALPB) and Conservation Easement Donations

The Snyder County Agricultural Land Preservation Board is in the process of making changes to the county program so it can accept the donation or bargain sale of perpetual conservation easements of farms in the county. Until this time, there has been no language to allow this in the county program. Upon the finalization of these changes, interested landowners would be able to submit farms for perpetual conservation easements for bargain sale or donation. Minimum criteria will still need to be met to enroll the farm in this program.

If you are interested in the donation of your farmland to the agricultural land preservation program or have any questions about this program, contact Jason Winey, Watershed Specialist and Program Administrator, at 570-837-3000, ext. 112.
