Conservation District Displays at 2011 Beaver Fair

The Snyder County Conservation District had two displays and various handouts and other information at the annual Beaver Fair in Beaver Springs in the commercial exhibit building from September 19 to 24, 2011.

One display was about agricultural nutrient management and various practices that farmers can install or do to improve local water quality. The other display explained new and upcoming agricultural environmental compliance regulations that farmers need to be aware and follow.

Additional information about the [Snyder County Conservation District](http://www.snyderconservation.org) programs can be found on our website (www.snyderconservation.org) or contacting us at 570-837-3000.
