

Six-County E&S Workshop Held in Lewisburg

The Snyder County Conservation District, along with Columbia County, Lycoming County, Montour County, Northumberland and Union County Conservation Districts, held a workshop for erosion & sedimentation (E&S) plan writers and engineers on Thursday, March 27, 2014, at the Country Cupboard Restaurant in Lewisburg. Major sponsors included KW Enterprises, LLC, Print-O-Stat, Inc., ACF Environmental and East Coast Erosion Control. (Specifics are at the end of this release.)

One hundred ten (110) people attended the workshop. Topics presented during the workshop included:

- NPDES (National Pollution Discharge Elimination System) permitting procedures
- Update on PA Title 25, Chapter 102 erosion control regulations
- Water quality status of the Chesapeake Bay

Speakers came from PA Department of Environmental Protection (DEP), Chesapeake Bay Commission and from the various conservation districts. Major sponsors also gave small presentations to the group. Meals were provided by Country Cupboard with registration fees and vendor contributions.

For more information about this workshop, preventing erosion and sedimentation (E&S) on construction and excavation projects, NPDES permitting or E&S control plan development and review, contact us at 570-837-3000 or go to our Worksite Erosion Prevention web page.

+++++

Thanks goes out to our major sponsors. This workshop would not be possible without their help.

Gold Sponsor (Minimum \$1,500.00): KW Enterprises, LLC of Milton.

Silver Sponsor (\$1,000.00 - \$1,499.99): Print-O-Stat, Inc. headquartered in York, PA.

Bronze Sponsors (\$500.00 - \$999.99): ACF Environmental headquartered in Richmond, VA and East Coast Erosion Control headquartered in Bernville, PA.
