### **Sixth Graders Learn about Preventing Soil Erosion**

Jason Winey, Snyder County Conservation District (SCCD) Watershed Specialist, was invited to give multiple presentations at the Middleburg Middle School on Wednesday, November 16, 2011.

Jason gave six presentations during Mr. Kurt Sprenkel's science classes for approximately 150 sixth graders. Presentations were geared toward soil loss prevention, especially on excavation and logging sites, and the importance of keeping our soil in place and not in our streams and rivers.

If your school or organization would like the Conservation District to give a presentation, please contact the [Conservation District](#) at 570-837-3000.
