

2024

**Snyder County
Conservation District
Tree & Seedling Sale**

PICK UP DATES

April 24, 2024 7 a.m. - 7 p.m.

April 25, 2024 7 a.m. - 4 p.m.

**10541 Route 522
Middleburg, PA 17842
570-837-3000 | sccd@snydercd.org**

Norway Spruce

- It has many uses including lumber, pulpwood, and landscaping trees.
- It's the fastest growing of the spruces.
- Can be planted on a wide variety of sites.
- Yields light brown 4-6" cones.
- Mature height: 50'

**4 yr seedlings, 1-2' (bare root)
10 for \$12**

Eastern White Pine

- Fast-growing and hardy tree.
- A five needled pine, with soft, light green-blue needles, 4 inches long.
- Excellent ornamental tree for windbreak or dense screen.
- Mature height: 50-80'

**5 yr seedlings, 18-30", (bare root)
10 for \$12**

American Persimmon

- Grown for its beautiful foliage, edible fruit and wood density.
- Leaves may turn orange or scarlet in autumn.
- Fruit is orange-yellow, sweet and edible once ripe after a hard freeze.
- Matures in mid to late fall.
- Mature height: 60'

**3 yr seedlings, 2-3', (bare root)
10 for \$15**

White Oak

- The “Mighty Oak” has dense foliage is bluish-green, to reddish-brown in autumn .
- High resistance to ice breakage
- Is the best tree to plant to attract butterflies. It supports 934 caterpillar species throughout the nation!
- Mature Height: 50-80'

**2 yr seedlings, 15-30”, (bare root)
10 for \$15**

American Hazelnut

- Also known as American Filbert
- Must plant two shrubs for pollination.
- Will bear nuts in 2-3 years.
- Hazelnut hedges can be used as windbreaks, visual screens, and to attract wildlife.
- Mature Height: 10' - 15'

**2 yr seedlings, 15-30", (bare root)
10 for \$15**

American Beech

- Provides golden bronze fall color
- Features simple leaves that are 3-6" long with sharp, incurved teeth on the margins
- Yields edible, hard, brown beech-nuts that are 1/2-1" in diameter
- Mature Height: 50-70'

**1 yr seedlings, 18-24", (bare root)
10 for \$15**

Chinese Chestnut

- Chinese chestnut is a medium size deciduous flowering tree
- Trees can start bearing the first nuts in 3-4 years.
- Prefers full sun to partial shade and moist well drained soil.
- Mature height: 40-60'

**1 yr seedlings, 12-18", (bare root)
10 for \$15**

Domestic Apple

- Is a great, low cost alternative to the popular cultivars, and the wildlife love them.
- Fragrant apple blossoms will please local bee populations as they collect nectar and pollen.
- Mature height: 12- 20'

**1 yr seedlings, 12-18", (bare root)
10 for \$15**

Northern Pecan

- Pinnately compound leaves that turn a beautiful yellow color in the fall
- Can handle winter temperatures as low as -35 degrees F
- Northern pecan trees can start producing in as little as 6 years.
- Mature Height: 70'

**1 yr. seedlings , 18-24”(bare root)
10 for \$15**

Winterberry

- Beautiful fall and winter color.
- Female plants produce bright red berries for fall and winter.
- For best pollination plant at least five together.
- Berries attract winter song birds.
- Mature Height: 6-12'

**5 yr seedlings, 12-24”, (bare root)
10 for \$15**

Become a Friend of SCCD!

SCCD is proud to serve our community through annual outreach events and educational programs for adults and youth, alike. Many of these programs are self-funded or rely on yearly fundraisers. By becoming a "Friend of SCCD", your donation will help support SCCD's mission to protect our natural resources by raising awareness and promoting environmental stewardship.

Check out a glimpse of our educational programs below!

I (we), would like to become a "Friend of SCCD" with a donation in the amount of: \$ _____
